CONTENTS OF VOLUME III

Number 1

		Page
The History of Mitral Stenosis	By Humphry Rolleston	1
Chest Lead Changes as the Sole Electrocardiographic Evidence of Heart Disease	By Ralph M. Sussman and Abraham Lieberson	13
Pulmonary Embolism: Diagnosis by Chest Lead Electrocardiography	By Paul Wood	21
T Wave Inversion, Heart Size, and Functional Capacity	By Sidney Schnur	30
Atrial Septal Defect	By D. Evan Bedford, Cornelio Papp, and John Parkinson	37
Electrocardiographic Changes after Anoxæmia and Exercise in Angina of Effort	By Courtenay Evans and Geoffrey Bourne	69

Number 2

Variable Ventricular Complexes in Heart Block, and their Relation to Bilateral Bundle Branch Block	By C. W. Curtis Bain	75
Hydrothorax in Heart Failure	By D. Evan Bedford and J. L. Lovibond	93
A Comparison of the Mercurial Diuretics Used in Heart Failure	By William Evans and Thomas Paxon	112
Coarctation of the Aorta with Patent Ductus Arteriosus	By Gibson Graham and J. D. Olav Kerr	121
A Fatal Case of Myocardial Contusion	By Hugh Barber and G. R. Osborn	127
Ruptured Aortic Valve with Mycotic Aneurysm due to Acute Bacterial Endocarditis	By C. W. Curtis Bain and S. Wray	132
Maude Abbott	By John Parkinson	139
Karel Frederik Wenckebach	By W. T. Ritchie	141

CONTENTS OF VOLUME III (*continued*)

Number 3

		Page
Charles Laubry	By D. Evan Bedford	145
Tricuspid Stenosis, with particular reference to Diagnosis and Prognosis	By W. T. Cooke and Paul D. White	147
Idiopathic Cystic Medial Necrosis of the Aorta	By D. H. Davies	166
The Electrocardiogram of the Stokes-Adams Attack	By John Parkinson, Cornelio Papp, and William Evans	171
Total Thyroidectomy for Heart Failure: An Unusual Case	By W. R. Trotter and K. C. Eden	200

Number 4

Coarctation of the Aorta: the Collateral Circulation	By Crighton Bramwell, and A. Morgan Jones	205
Changes in Renal Function and Persistence of the Murmur after Ligature of a Patent Ductus Arteriosus	By Geoffrey Bourne	228
Inversion of the T Waves in Lead II Caused by a Variation in Position of the Heart	By Paul D. White, Francis L. Chamberlain and Ashton Graybiel	233
Pulmonary Venous Return via the Superior Vena Cava	By J. E. O'N. Gillespie	241
Chest Lead Electrocardiograms in Auricular Fibrillation	By William Evans	247
Proceedings of the Cardiac Society of Great Britain and Ireland		259
Index		265
